Free Trial Terms and Conditions:

- Your free Trial starts with a Contact Lens Assessment. During your appointment, you'll try lenses in practice so we can check the fit, comfort and vision. Once that's done, you'll take home either 5 pairs of daily disposable lenses or 1 pair of reusable contact lenses with a contact lens solution. A valid prescription is required.
- You can have one free Trial every 24 months.
- Your Trial will need to be approved by a Vision Express optician. If you already have a valid prescription from another optician, we may be able to accept it – but it must first be confirmed by a Vision Express optician. If it can't be accepted, you'll need a new valid prescription before you can take part in the trial.
- The Trial excludes quarterly or annual replacement lenses, coloured lenses, gas permeable/rigid lenses, and any lenses previously trialled within the past 24 month period.
- To take part, book an Eye Test & Contact Lens Appointment if you need an eye examination, or a Contact Lens Appointment if you already have a valid prescription from Vision Express or another optician. An eye test may involve an additional cost. Your trial must be redeemed at a single Vision Express store.

- After your Trial, you can choose to subscribe for regular lens deliveries or buy contact lenses as and when you need them. Charges apply in each case. Please speak to your optician or check our website for full details.
- If you complete the Trial and choose not to subscribe you will not be charged for the contact lens Trial or your contact lens prescription.
- The Trial cannot be used in conjunction with any other promotion, discount, or offer, except our standard 2nd pair offer.
